## Return to Education Form

Please ensure you have this form filled for each child before they return to school. It will also need to be completed after any absence. It can be found at this link:

<https://www.geashillns.ie/covid-info/return-to-educational-facility-parental-declaration-form/>

## Masks

As before, children in primary school are not required to wear masks. However, if you want your children to wear a mask they are free to do so. Please inform the class teacher if your child will be wearing a mask throughout the day.

## When to keep your child at home

Do not send your child to school if any of the following is true.

Your child has:

- a temperature of 38 degrees Celsius or more
- any other common symptoms of coronavirus - a new cough, loss or changed sense of taste or smell, or shortness of breath
- been in close contact with someone who has tested positive for coronavirus
- been living with someone who is unwell and may have coronavirus

## **When it's okay to send your child to school**

It's usually okay to send your child to school if they:

- only have nasal symptoms, such as a runny nose or a sneeze
- do not have a temperature of 38 degrees Celsius or more (as long as their temperature has not been lowered by taking any form of paracetamol or ibuprofen)
- do not have a cough
- have not been in close contact with anyone who has coronavirus
- do not live with anyone who is unwell and may have coronavirus
- have been told by a GP that their illness is caused by something else, that is not coronavirus. Your GP will tell you when they can return to school or childcare.
- have got a negative ('not detected') coronavirus test result and have not had symptoms for 48 hours

More detailed information for parents on all of this can be found at this link and I am asking all parents to look at it and become familiar with it:

## **Dealing with a Suspected Case in School**

- If your child develops symptoms during the school day, they will be brought to a separate room to other students.
- Their temperature will be taken.
- Parents will be contacted to collect the child.
- Parents should contact their GP who will advise the next steps to be taken.

## **School Response to a Confirmed Covid-19 Case**

- The HSE will inform any staff or parents of children who have come into close contact with a diagnosed case via the contact tracing process.
- The HSE will contact all relevant persons where a diagnosis of Covid -19 is made.
- The instructions of the HSE should be followed and pupil and staff confidentiality is essential at all times.

The three points above are taken directly from the Dept.of Education guidance to schools and will be strictly followed in the event of a confirmed case.

## **Communication**

- As always we want to keep good lines of communication between home and school.
- Please ensure we have your correct contact details.
- All meetings/phone discussions with teachers will be by pre-arranged appointment only.
- Parents should first call the office at 057 9343754 before leaving in a forgotten lunch box or if a child needs to be collected early.
- All class teachers will continue to use Class Dojo.
- Our website [www.geashillns.ie](http://www.geashillns.ie) will be regularly updated with the most up to date school information.
- Our Twitter account @GeashillNS is also worth a follow also.
