

RE: Nasal Flu Vaccine for Pupils

Dear Parent or Guardian

We are following up on the Flu Vaccination Programme being offered to all Primary School children on Friday 25th October 2024.

On site vaccination means that vaccination can take place without disrupting family life and minimising disruption to class time. Vaccination for children is by a simple non-invasive nasal spray, it is very easy to administer and side effects are generally limited to a stuffy nose and fatigue afterwards. As an experienced vaccinator, pharmacist and parent, I will ensure that the process is easy for your child. Parents do not need to be in attendance on the day of the clinic.

This is an OPT IN Service

If you would like to proceed with vaccination, please fill out the form at the following link:

<https://app.epharmacy.io/pharmacies/c557625e-9c97-42ad-bbb8-652ad89e1021/book/?category=SCH>

- From here, click on 'Free Nasal Flu Vaccine School Clinic' from the menu – ensuring that you type in your Child's school when requested.
- Please fill out this form carefully, entering all details when prompted. Especially, a contact number, in case we need to contact you in relation to your child receiving the vaccine.
- If you need to contact us to update any of your child's information, email us at rosefinlaypharmacy@totalhealth.ie
- **Please register before 10pm Friday 18th October 2024.**
- If you do not make contact with us before Thursday 24th October, we will assume nothing has changed with the health of your child, and they will receive their vaccine on Friday 25th October.

If we have any further clinical questions regarding your child's health and suitability for Fluenz vaccine, we will give you a call. Equally, please do not hesitate to email us at rosefinlaypharmacy@totalhealth.ie for further information.

Many thanks and wishing you all a happy and healthy Winter Season,

Rose Finlay
